

Ladies and Gentlemen,

SNL is a tremendously important development in supporting the Corps and its veterans. HQ REA asks you to actively support this initiative by sharing this email with as many people as possible.

1.

Sappers Network Ltd (SNL) is set up to deliver and run an online employment support service and network for Corps' Service Leavers, Reserves and Veterans, who seek employment and support beyond that available from MOD and other career transition support organisations.

It adds direct value to our people and industry by matching industry jobs with members of the Corps community seeking work, building on the RE Partnership with Industry initiative launched formally in 2012, and utilising SNL's specific expertise and knowledge of the skills and market relevance of our people.

The small SNL team lead by Lt Col (Retd) Bob Lisle is working closely with Industry and individuals to develop the growing database of jobs and applicants. Full details of the service are available on this website and its own Facebook and LinkedIn pages.

To register now for Sappers Network, just complete the registration from which will get you placed on the database. <http://www.sappersnetwork.co.uk/>

Regards
Neil
